

# *Stanlin Energy System - Site Survey Report*    *Send completed copy to Master Dealer after completion.*

Customer Name	Dealer Name	Date
Contact Name	Dealer Phone Number	
Address	<b>What else is on the meter? That we don't go on like Kitchen Equip, Dryers, other Equipment that uses gas off this meter. How much is this Annual usage</b>	
City                      State                      Zip	What effects. the usage? Appox. % of usage Degree days,                      % water usage,                      % production,                      %	
Phone Number	<input type="checkbox"/> Picture of stacks included	
Can contact sign rent the stack form Yes _____ No _____	<input type="checkbox"/> Picture of boilers included	<b>On Atmospheric boilers, you MUST stick your hand up in the Draft Diverter &amp; feel how full it is.</b>
If "No" name of person that can:	Annual usage	Each regulator to serve only one appliance (This is an absolute requirement.).

1<sup>st</sup> Column Manufacture, 2<sup>nd</sup> BTU Input, 3<sup>rd</sup> Atmospheric, Power, Stack Inductor, 4<sup>th</sup> Stack Size and 2X diameter on straight run space to install  
 5<sup>th</sup> Has its Own Stack or has a Common Stack 6<sup>th</sup> Light Metal, Heavy Metal, or B-Vent 7<sup>th</sup> Hot Air, Hot Water, Low Pressure Steam, High Pressure Steam  
 8<sup>th</sup> Natural Gas, Propane, Oil #2 or #6 9<sup>th</sup> Stack Insulation-Type? 10<sup>th</sup> % of usage of fuel this Boiler uses on this meter.

**Also, Attach a print off your Bachrate tester that includes the following:**

**Flue gas temperature taken, Flue draft measured, Draft in Inches of Water Column, % of Excess Air,  
 Flue C02 measured, Flue O2 measured, Carbon Monoxide in PPM and Who took the readings \_\_\_\_\_**

**\*\* On Power Boilers we need Low Fire, Medium Fire, & High Fire Readings**

Signature \_\_\_\_\_ Date \_\_\_\_\_
